

# Tree-Booster™

*The ultimate tree production booster.*

**Tree-Booster™** is a complete fertiliser covering all aspects of tree and soil nutrition. This unique “fusion fertiliser” contains the best of both worlds, including high performing organic and conventional fertilisers.

**Tree-Booster™** has been designed to be applied 12 months after planting. This complete fertiliser applied around the root zone will give the trees a boost to help them into maturity. Without this boost many trees struggle with weed competition and a lack of soil nutrition commonly found in Australian soils.

## Key Benefits

- Complete tree fertiliser including trace elements.
- Promotes new early root and shoot growth to increase growth rates.
- 15 kg bag for easy use in the field.
- Suitable for native and exotic trees.
- Suitable for conventional and sustainable forestry.

## Packaging

- 15 kg bag
- 70 x 15 kg bags (1050 kg)

Product Codes: TREEBOOSTER-15, TREEBOOSTER-1050

## Typical Analysis (w/w)

Nitrogen (as ammonium) .....	1.26%
Nitrogen (as nitrate) .....	0.46%
Nitrogen (as organic) .....	0.44%
Total Nitrogen .....	2.16%
Phosphorus (as citrate soluble) .....	0.43%
Phosphorus (as citrate insoluble) .....	1.15%
Total Phosphorus .....	1.58%
Potassium (as sulphate).....	2.05%
Potassium (as oxide) .....	0.48%
Total Potassium.....	2.53%
Carbon (as organic).....	18.64%
Calcium (as carbonate) .....	3.12%
Calcium (as phosphate).....	3.11%
Calcium (as sulphate).....	1.68%
Calcium (as nitrate).....	0.66%
Calcium (as oxide) .....	0.42%
Calcium (as organic).....	0.40%
Total Calcium.....	9.39%
Sulphur (as organic).....	0.39%
Sulphur (as sulphate).....	3.75%
Total Sulphur .....	4.14%
Silicon (as oxide) .....	2.49%
Iron (as oxide).....	0.49%
Iron (as phosphate).....	0.32%
Total Iron .....	0.81%
Copper (as sulphate) .....	0.09%
Zinc (as sulphate).....	0.15%
Manganese (as oxide) .....	0.02%
Boron (as sodium borate).....	0.06%
Molybdenum (as sodium molybdate) .....	0.008%

Particle Size: 0.01 – 5.0 mm

Appearance: Dark grey powder

## Active Ingredients

Cow Manure.....	Carbon/Humates and Beneficial Microbes.
Natural Phosphate .....	Silica, Calcium and Phosphorous.
Rock Minerals .....	Paramagnetism and Slow Release Trace Minerals.
Natural Gypsum .....	Calcium and Sulphur to Help Breakup Clay.
Natural Fine Lime .....	Calcium to Sweeten the Soil.
Raw Humates .....	Organic Carbon/Humates.
Ammonium Sulphate .....	Plant Available Nitrogen/Sulphur.
Natural Potassium Sulphate .....	Plant Available Potassium/Sulphur.
Natural Fly Ash.....	Plant Available Calcium/Magnesium/Trace.
Calcium Nitrate.....	Plant Available Calcium/Nitrogen.
Zinc Sulphate .....	Plant Available Zinc/Sulphur.
Copper Sulphate.....	Plant Available Copper/Sulphur.
Liquid Fish.....	Organic Nitrogen and Trace Minerals.
Borax Pentahydrate .....	Plant Available Boron.
Sodium Molybdate.....	Plant Available Molybdenum.

## Application Rates

- At 12 months of age apply 400g (2 cups) broadcasted evenly up to 1m from the tree trunk. A second application maybe required if tree vigour isn't adequate in another 12 months time.

## Extra Information

- Store in a cool, dry environment.
- Shelf life is three years if stored correctly.
- This product contains powdered material so it needs to be applied by hand or via a belt spreader.
- Apply just before rain/irrigation for best results.
- Made in Australia.
- Please refer to the Material Safety Data Sheet (M.S.D.S) at [www.globallandrepair.com.au](http://www.globallandrepair.com.au) before handling this product.
